Flakeboard Company Ltd is committed to the Forest Stewardship Council's (FSC's) Credit Based Claim Policy. Our facilities will comply with the Credit System requirement for products covered by this policy.

Flakeboard Company Ltd will engage in best practices to process wood from certified or controlled suppliers in the manufacture of its medium density fiberboard (MDF) and particleboard (PB) products. Our suppliers will provide raw material that has been:

- Legally harvested;
- Harvested from areas where traditional and civil rights are not violated;
- Harvested from forests where high conservation values are embraced;
- Harvested from areas that have not been converted from natural forests or habitats to plantations or non-forest uses;
- Not harvested from genetically modified trees.

Flakeboard Company Ltd views its FSC CoC certification as a tangible example of the company's commitment to important environmental initiatives. This policy is publicly available and will be made available, upon request.

Kelly Shotbolt
